Abstract

Cable management rings, zinc-plated round steel, 80 x 80 mm & 80 x 120 mm

Features

- Material: Steel, zinc-plated

Product Overview

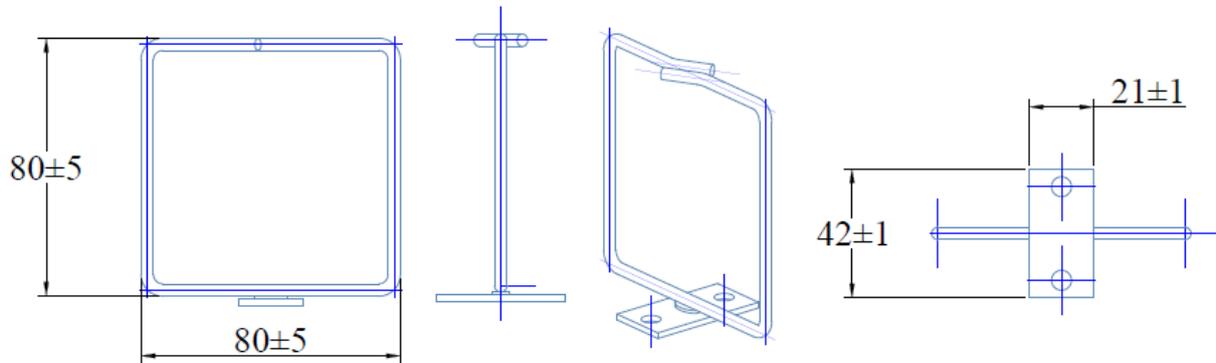

The cable guide brackets by DIGITUS are made of galvanised round steel. This stable material enables professional, neat cable management in each 482.6 mm (19") cabinet. They can be fastened to one rack unit laterally or frontally on previously installed components thanks to the slim mounting plate. Various sizes and versions with frontal or lateral openings help to fulfill all requirements.
